REMARKS

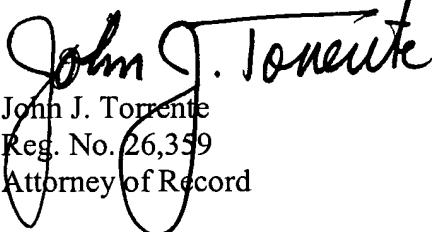

This is in response to the Notice of Allowability dated August 5, 2004. In the Notice, it was indicated that Corrected Drawings must be submitted including changes required by the Attached Examiner's comments. The Examiner has objected to applicant's FIGS. 21-36 because only that which is old is illustrated and required that FIGS. 21-36 be designated by a legend such as -- Prior Art --.

In order to overcome the Examiner's objection, applicant has enclosed herewith Replacement Sheets showing FIGS. 21-36. In the Replacement Sheets, labels "Prior Art" have been added as required by the Examiner. The substitute drawings contain no new matter. Also enclosed are annotated drawing sheets showing the changes to the original drawings.

Applicant notes also that the formal drawings containing FIGS. 1-20 of the application, as filed, were not objected to by the Examiner. Accordingly, applicant believes that these drawings have been accepted by the Office and that replacement sheets for such drawings need not be provided.
